

2014 October *Guess that Plant*

Chondrilla juncea L.; Skeleton-weed

In the “spirit” of the Halloween holiday, skeleton-weed, *Chondrilla juncea* was selected as the October *Guess that Plant*. The plant is a perennial member of the Asteraceae, the Daisy family. It is native of Europe that is one of many herbaceous associates on waste ground, open sandy fields and roadsides throughout New Jersey. Don’t be afraid of this plant, get to know it so you can add its name to your lists of New Jersey plants.
